

Virtual – Nationwide - Proven Social Skills Groups

(since 2012)

Now is the time to help ensure your children will experience success, socially and emotionally, while practicing “physical distancing”.

By Learning and Practicing how to Communicate and Socialization they will feel Empowered now and when they are around their peers, in person, once again.

*Each group meeting includes a “Parent Component”
to empower parents with “TOOLS” to help empower their children.*

Due to the current COVID-19 situation we will continue offering virtual-groups in the safety and convenience of your own home, now and throughout the summer. Over a dozen unique groups, for children, teens and young adults, who may have:

ADHD,
High-Functioning Autism
“Asperger’s”,
“Giftedness”
and/or
Social Anxiety

You can count on our programs continuing to run “virtually” throughout the summer and year-round.
